Tony Hartmann
President
Green Diesel Wisconsin Foundation
PO Box 259160
Madison, WI 53725

Dear Mr. Hartmann:

I am pleased to announce that the Green Diesel Wisconsin Foundation has been selected as the recipient of the award for the *WI Small Scale Biofuels Producers and Quality Assurance Program*. The total award includes \$40,000 for work related to launching the WI Small Scale Biofuels Registry Program and conducting a statewide assessment of biofuels quality assurance in the state.

Your application displayed exceptional merit in ability to succeed. I commend your response to this opportunity, and to the increased the safety and quality of biofuels here in the state. We also appreciate your partnership to continue to support a cleaner environment and to help us to decrease our current consumption of foreign oil here in Wisconsin.

The review committee had a few reservations regarding the budget compared to the scope of work. I will be contacting you soon to set up a time to discuss the budget and negotiate a contract. If you have any questions please contact me anytime (608) 266-1521 or maria.redmond@wisconsin.gov.

Thank you for submittal and we look forward to working with you on this project in the near future!

Sincerely,

Maria Redmond
Biofuels Sector Specialist
